## About

Currently the General Manager of the Wolf River Development Company. It is my job to investigate, review, consider, pursue and conduct any non-gaming activity for the Menominee Indian Tribe.

I am confident, composed, unselfish, dedicated, and a result driven leader.

I've worked hard at each position I've held and made it a point to learn every aspect of each department. I've proven I can handle whatever is thrown at me, and with my hard work and dedication, I've been recruited and promoted in the last four leadership positions I've held.
